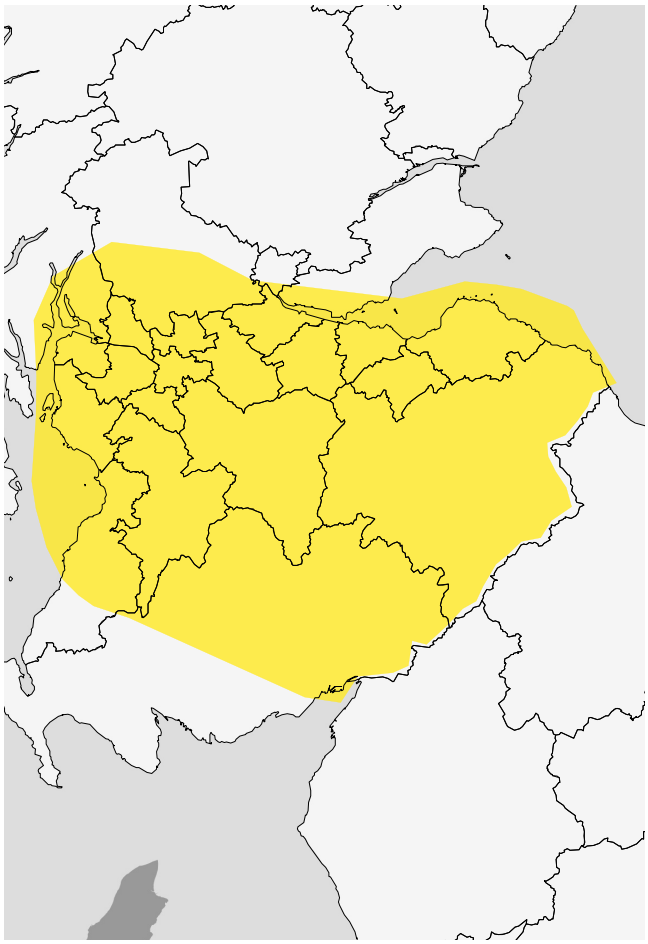
Yellow warning
Rain

Between
13:00 Sun 26 May 2024 and
23:59 Sun 26 May 2024



Heavy showers and possible thunderstorms on Sunday afternoon and evening may lead to some flooding and transport disruption.

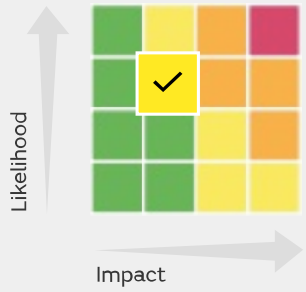
What to expect

- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Flooding of a few homes and businesses is possible

Further details

Slow-moving showers and thunderstorms are expected to develop during Sunday afternoon and evening. Rainfall accumulations will vary significantly across the warning area but where showers become organised, there is the possibility of 20 mm of rain falling in an hour. Following on from recent wet weather this will bring a risk of some flooding.

What should I do?
Consider if your location is at risk of flash flooding. If so, consider preparing a flood plan and an emergency flood kit.



Medium likelihood of low impacts

Further Details (continued)

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

If you find yourself outside and hear thunder, protect yourself by finding a safe enclosed shelter(such as a car). Do not shelter under or near trees, or other structures which may be struck by lightning. If you are on an elevated area move to lower ground.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
